## Employment Support

There are many services and organisations which provide help with finding jobs, including preparing CVs, practicing with job interviews and support with application forms.

Some services are provided by voluntary sector, others by statutory organisations. They might have different geographical remits (national, regional or local) and varied eligibility criteria, and are often time limited. There is also a small number of services tailored to support Hongkongers.

Each of 15 local authorities in Yorkshire and Humber have dedicated teams covering Employment and Skills, and help for businesses. Additionally, in West and South Yorkshire, combined authorities are also providing additional training and upskilling opportunities.
